

### REMARKS

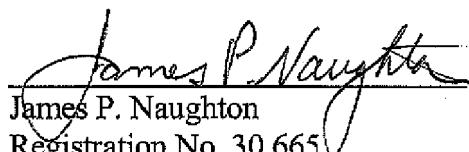

Claims 1-21 are pending, including independent claims 1, 20 and 21. Claims 20 and 21 are allowed as before. Claims 3-15, 18 and 19 are objected to as before, but are found to contain patentable subject matter. Claims 1, 2, 16 and 17 are again rejected as anticipated by Fumarolo. Applicants continue to disagree with the Examiner's rejection based on Fumarolo, but request amendment of the claims in order to place the claims in condition for allowance and to expedite prosecution.

Claim 3 is amended to be placed in independent form so that claims 3-6 are in condition for allowance.

Claim 1 is amended to contain the subject matter of dependent claim 7, which was found to be patentable, so that the rejection of claims 1, 2, 16 and 17 has been overcome. Claim 7 is cancelled.

Therefore, Applicants submit that the objections to and rejections of the claims have been obviated. Applicants respectfully request entry of this Amendment and allowance of the application. If the Examiner believes the application still is not in condition for allowance, he is requested to telephone Applicants' undersigned attorney at 312-321-4723.

Respectfully submitted,
